ABOUT

Over the years, we've had the great privilege of covering some of the best franchises and they continue to exhilarate us with their ingenuity. We believe it is important to highlight these businesses and to this end we're very excited to be launching the Elite Franchise 100, (Canada), the annual definitive ranking that celebrates franchising excellence across the country. In conjunction with the guide we also host a celebratory awards evening to further congratulate all our winners.

Allowing franchisors to duke it out on everything from growth to the support they offer franchisees, the Elite Franchise 100 recognizes the sector's brightest businesses and honour them in a league table and high-quality publication sent out to our combined audience and digital network of over 500,000. Whether you're a flourishing franchise at the top of your game or a budding business making its first inroads into the industry, the Elite Franchise 100 provides the perfect opportunity to show the world what your network is made of.

CRITERIA

The EF100 is judged on eight core criteria that helps us gauge entrants on their size, growth, ambitions and contributions made to franchisees and the community based on information supplied by entrants. With the huge support of our expert judges involved in the judging process.

Selection of our judging panel - see [page 6](#) for full panel or visit our [website](#).

LONGEVITY - this will take into account the age of the franchise and its longevity in the marketplace.

FINANCIAL PERFORMANCE - looking at your network's turnover and profit as a whole, this will gauge how financially successful your network has been.

NETWORK SIZE - looking at the number of franchisees a network has and taking into account the network's accelerated growth as well as closures, this will recognize franchises that have come to establish a significant presence in their market.

CONTRIBUTION - this will recognize those franchises that have made the most significant contributions to the community and franchising as a whole, whether that's how they are helping their local community, boosting the profile of the sector or helping other franchises get a leg up.

SUPPORT - taking a look at how franchises train and support their networks and encourage diversity, this criteria will recognize the franchises that provide the most comprehensive and ongoing support for those in their network.

INNOVATION - what is your franchise doing that sets it apart from other brands on the market? How is the franchise encouraging CSR/ ESG into the business model? How is it making the most of new technologies, developing new products or services and helping to push the envelope of what franchises can achieve?

FUTURE - looking at your plans for the future, this will recognize those franchises with the most ambitious plans for the future, whether that's further Canada or international expansion, new products or services, the creation of new brands or ways to improve the experiences of franchises and customers.

THE PEOPLE'S CHOICE AWARD
The People's Choice Award holds a special place in the EF100 as it is judged by the most important panel of all – the general public. This accolade celebrates the brand that resonates most deeply with the community, embodying the spirit of the people it serves. To earn this prestigious honour, the nominated brand will showcase a compelling array of reasons why they deserve the title. Their case will highlight their support, their community engagement and their dedication to nurturing a positive culture.

Don't just take our word for it! (this isn't our first rodeo)!

The EF100 has evolved significantly since its inception and we are absolutely delighted to be an official award support to a programme which provides great value and exposure for franchising in the UK," said Pip. "Initiatives such as these are critical to the overall evolution and development of franchising, as franchisors work hard to continually improve and achieve a spot in the much sought-after league table. We look forward to joining this year's judges and exploring the great plethora of development and innovation within franchising."

Pip Wilkins QFP, Chief Executive, British Franchise Association

Our team loved the EF100 awards and relished to opportunity to be in the room with such amazing franchise brands. Beyond a showcase of glitz and glamour, the event provided the perfect setting to connect with like-minded professionals, exchange ideas and explore potential collaborations.

The awards ceremony itself stood as a testament to the dedication of franchise leaders, highlighting their efforts and visionary strategies. The awards ignited a renewed sense of purpose for our own brand.

Overall, the EF100 awards is more than just a celebration, it is the perfect place for learning, growth and collaboration.

James Cutting, Founder, Football Fun Factory

"We found the whole process of entering the Elite Franchise Top 100 really motivating. The application stage was very thorough and really got us thinking about what we do to support our franchisees and help them build their businesses so it was a great exercise to go through. To come in at number 9 in the table, amongst some household-name brands, was a fantastic result which we are all very proud of. We are using the EF100 collateral and logo in our marketing, both for franchising and with our national account customers to demonstrate our credentials and standing in the sector. We will definitely be entering again - as we never stand still at Revive!, there will be even more to tell the judges about in our next entry for the top 100!"

Cathryn Hayes, Franchise Director, Revive Auto Innovations

The Elite Franchise Top 100 was the first of its kind, an innovative idea bringing together and celebrating the leading UK franchises. The list is the one to watch and we are proud to have held the No.1 position for a number of years. EF100 provides a fantastic guide for anyone looking to buy a franchise, as well as being a real achievement for both the franchise companies and their owners.
